- 19 | Drinking Cups**
- 20 | Lab/Pathology Containers with Lids**

Bedside Water Pitchers and Insulated Mugs

- Pitchers and Mugs have easy to use handle designs which allow for one handed pouring and specially designed entry points for insertion of a straw
- Lids for the Pitchers and Mugs are designed to provide a leak resistant closure with straw access
- Graduated Liners are available for the Pitchers
- All Water Pitchers and Insulated Mugs are LATEX and BPA Free

Product #	Description	Quantity
GP50003	Pitcher w/Straw Access Lid, Gold	100
GP50004	Pitcher w/Straw Access Lid, Rose	100
GP50006	Pitcher w/Straw Access Lid, Turquoise	100
GP50008	Pitcher w/Straw Access Lid, Grey	100
GP520	Liner, Plastic, Translucent, For GP50003/04 Pitchers	500
GP55009	Mug, Insulated, Translucent, Grey Lid w/Straw, 32 oz	50
GP55204	Mug, Insulated, Rose, Straw, 22 oz	48
GP55208	Mug, Insulated, Grey, Straw, 22 oz	48
GP55404	Mug, Insulated, Rose, Straw, 34 oz	24
GP55408	Mug, Insulated, Grey, Straw, 34 oz	24

Tumblers

- Unbreakable plastic Tumblers with rounded rims offer an easy to hold drinking cup
- Internal molded graduations in the colored Tumblers and the RED printed graduations on the GP590 provide means of accurately measuring patient intake of hydrating fluids
- All Tumblers and Intake Cup are LATEX and BPA Free

Product #	Description	Quantity
GP58003	Tumbler, 8 oz, Gold	500
GP58004	Tumbler, 8 oz, Rose	500
GP58006	Tumbler, 8 oz, Turquoise	500
GP58008	Tumbler, 8 oz, Grey	500
GP590	Tumbler, 9 oz Intake, RED Graduations, Translucent Unbreakable	500
GP592	Tumbler, 9 oz Intake, Graduated PP Clear Unbreakable	500
GP595	Tumbler, Plastic, 10oz, Graduated, Black Prt Clear Unbreakable	1000

Service Trays

- Designed to accommodate Bedside Pitchers, Tumblers, or both
- Non-skid bottom with rimmed edge to capture condensation
- Color matches to Tumblers and Bedside Pitchers
- All Service Trays are LATEX and BPA Free

Product #	Description	Quantity
GP57003	Service Tray, Rectangular, Gold	200
GP57004	Service Tray, Rectangular, Rose	200
GP57008	Service Tray, Rectangular, Grey	200

Bedpans

- Fracture Bedpans have a wedge shape and tapered front with loop handle which facilitates ease of positioning and removal from under patient. May be used as a Female Urinal
- Commode Stackable Bedpans design minimizes storage space, can be used with toilets and commode chairs, and
- provides comfort and convenience for the patient and care giver
- Pontoon Bedpan traditional design offers a strong and comfortable contoured shape
The front rim acts as a urine splash guard and the rear undercut provides additional volume collection and helps prevent spillage of contents
- All Bedpans are LATEX and BPA Free

Product #	Description	Quantity
GP23003	Bedpan, Fracture, Gold	24
GP23004	Bedpan, Fracture, Rose	24
GP23006	Bedpan, Fracture, Turquoise	24
GP23008	Bedpan, Fracture, Grey	24
GP21003	Bedpan, Stackable/Commode, Gold	50
GP21004	Bedpan, Stackable/Commode, Rose	50
GP21006	Bedpan, Stackable/Commode, Turquoise	50
GP21008	Bedpan, Stackable/Commode, Grey	50
GP22003	Bedpan, Pontoon, Gold	20
GP22004	Bedpan, Pontoon, Rose	20
GP22006	Bedpan, Pontoon, Turquoise	20
GP22008	Bedpan, Pontoon, Grey	20

Urinals - Male and Female

- The translucent Male and Female Urinals provide ease of viewing and measuring of urine output
- Each urinal has graduations in mL and ounces increments to 1L/32 Oz
- Handle design allows hanging on various size and types of bed rails
- Plastic cap on Male Urinal acts as odor shield and helps contain spillage
- All Urinals are LATEX and BPA Free

Product #	Description	Quantity
GP300	Uri-MAX Urinal, Male, 1000 cc	48
GP330	Female Urinal Translucent	36

Wash Basins

- The Rectangular and Round Wash Basins are multi-use basins for healthcare facilities
- Reinforced rims provide a secure grip when transporting empty or filled basins
- Rounded corners, rigid walls and smooth finishes provide confidence when used in patient care bedside settings

Product #	Description	Quantity
GP42003	Wash Basin, Rectangular, 7qt, Gold	50
GP42004	Wash Basin, Rectangular, 7qt, Rose	50
GP42006	Wash Basin, Rectangular, 7qt, Turquoise	50
GP42008	Wash Basin, Rectangular, 7 qt, Grey	50
GP41003	Wash Basin, Rectangular, 6qt, Gold	50
GP41004	Wash Basin, Rectangular, 6qt, Rose	50
GP41006	Wash Basin, Rectangular, 6 qt, Turquoise	50
GP41008	Wash Basin, Rectangular, 6 qt, Grey	50
GP45003	Wash Basin, Round, 5qt, Gold	50
GP45004	Wash Basin, Round, 5qt, Rose	50
GP45008	Wash Basin, Round, 5qt, Grey	50
GP46003	Washbasin, Round, 6qt, Gold	50
GP46004	Wash Basin, Round, 6qt, Rose	50
GP46006	Wash Basin, Round, 6qt, Turquoise	50

Soap Dishes

- Ribbed soap dish base keep soap dry and conveniently accessible

Product #	Description	Quantity
GP48003	Soap Dish, Snap-On, Gold	500
GP48004	Soap Dish, Snap-On, Rose	500
GP48006	Soap Dish, Snap-On, Turquoise	500
GP48008	Soap Dish, Snap-On, Grey	500

Emesis Basins

- Flexible design with rounded edges and large easy to read molded ounce and cc graduations provide ease of use for the 500cc and 700 cc "kidney" basins
- All Emesis Basins are LATEX and BPA Free

Product #	Description	Quantity
GP85003	Emesis Basin, 500 cc, Gold	250
GP85004	Emesis Basin, 500 cc, Rose	250
GP85006	Emesis Basin, 500 cc, Turquoise	250
GP85008	Emesis Basin, 500 cc, Grey	250
GP87003	Emesis Basin, 700 cc, Gold	250
GP87004	Emesis Basin, 700 cc, Rose	250
GP87006	Emesis Basin, 700 cc, Turquoise	250
GP87008	Emesis Basin, 700 cc, Grey	250

Emesis Bags

- The lightweight Emesis Bag affixed to a rigid plastic ring provides an easy to use containment bag for vomitus and emesis
- Graduated bag can securely hold in excess of 1000 cc/ 40 fl. oz. Just twist, close, and hook bag into plastic ring support notch for a simple, one-step disposal of bag and contents
- GP800 Emesis Bags can be used in the GP810 wall hanging dispenser. 25 of the bags can be placed into this dispenser for easy access throughout the healthcare facility by patients and staff
- All Emesis Bags and Dispenser are LATEX and BPA Free

Product #	Description	Quantity
GP800	Emesis Bag w/Ring, 1000 cc, Blue	100
GP810	Emesis Bag Dispenser, Blue	1

Medicine Cups-1 oz and 2 oz

- Graduated 1 oz/30 mL and 2 oz/60 mL Medicine Cups have a tapered flexible design providing safe and accurate measurement of medications and solutions
- All Medicine Cups are LATEX and BPA Free

Product #	Description	Quantity
GP700	Medicine Cup, 1 oz, mL/cc Grads Only, Translucent	5000
XC70009	Cup, Clear, 2 oz (60 cc)	1000
XC70013	Cup, Blue, 2 oz (60 cc)	1000
XC70014	Cup, Red, 2 oz (60 cc)	1000
XC70015	Cup, Green, 2 oz (60 cc)	1000
XC70016	Cup, Yellow, 2 oz (60 cc)	1000
XC70109	Lid, 2 oz (60 cc)	1000

Denture Cups and Stool Specimen Cup

- The GP750 Denture Cup series with Translucent Lid – 8 oz. container available in various colors has lid clearly marked with DENTURES/NAME/ROOM information area
- The GP780 series is new single piece denture cup with living hinge and snap fit design in distinctive bright colors to assist in the prevention of loss or misplacement
- The opaque grey GP77508 Stool Specimen Container and Lid are utilized for secure and safe containment and transport of stool specimens
- The 8 oz. containers come with leak-resistant, snap-on lids with space to mark with pertinent specimen/patient information
- All Cups and Lids are LATEX and BPA Free

Product #	Description	Quantity
GP75009	Denture Cup w/Lid, Translucent, 8 oz	250
GP75006	Denture Cup w/Lid, Turquoise, 8 oz	250
GP75004	Denture Cup w/Lid, Rose, 8 oz	250
GP75003	Denture Cup w/Lid, Gold, 8 oz	250
GP78020	Coming Soon - Denture Cup, Single Piece, Hot Pink	200
GP78025	Coming Soon - Denture Cup, Single Piece, Neon Green	200
GP77508	Stool Specimen Container w/Lid, Grey, 8 oz	250

Sitz Bath

- Sitz Baths that fit easily into standard toilets and commodes are ideal for providing soothing rectal and perineal area immersive therapy with easy to use 2000 mL bag, 60" tubing, adjustable clamp, basin, and easy to follow instructions printed directly on the bag. Individually packaged
- All Sitz Baths are LATEX and BPA Free

Product #	Description	Quantity
GP25003	Sitz Bath, Gold	10
GP25004	Sitz Bath, Rose	10
GP25006	Sitz Bath, Turquoise	10

Triangular Graduates

- Graduated to 32oz/1000cc, these easy to use, multi-tasking containers are available in crystal clear polystyrene and translucent unbreakable polypropylene
- The GP600 and GP610 have molded graduations
- The GP620 has black printed graduations
- All tri-grads have Patient Info "Window" for writing pertinent patient information
- All Triangular Graduates are LATEX and BPA Free

Product #	Description	Quantity
GP600	Tri-Grad, Polystyrene, Graduated, Clear	200
GP610	Tri-Grad, Polypropylene, Graduated, Translucent	200
GP620	Tri-Grad, Polypropylene, Graduated (Black Print), Translucent	200

Specimen Containers

- GMAX Specimen Containers offer a variety of Sterile and Non-Sterile Containers to meet the requirements for facility specimen collection and transportation
- All containers offer exceptional clarity and easy to read graduations in ounces and mLs
- Pneu-Tube MAX® and the Pneu-Tube® containers are designed to be used in pneumatic tubes - these containers are rated at 95 kPa compliant
- The Pneu-Tube MAX series have been approved for depressurized and severe transport environments
- The Pneu-Tube MAX containers feature audible indicators as proof of secure closure
- The GS303 MAX and GS304 MAX are both packaged for use in the Operating Room - the outer and inner surfaces of the container are Sterile
- The GS313 MAX and GS314 MAX have sterile inner surfaces and a security tape seal. The GS323N MAX and the GS324N MAX are Non-Sterile
- The straight walled Pneu-Tube Containers are all Sterile with security tape seals - the GS353W is a wider container with a mouth opening measuring 54mm whereas the GS355 has a 48mm inner diameter at the container opening
- The Standard Containers have the traditional “cup” and screw top lid leak-resistant design. The 4.5oz/120ml Standard Containers are available Sterile and Non Sterile. The GS390 is packed in an O.R. package with the inner and outer surfaces of the container being sterile. The GS398 is Individually Poly Bagged and sterile on the inner surfaces of the container and lid. The GS395N is the Non- Sterile Container and Lid packed in same carton
- All Specimen Containers are LATEX and BPA Free

Specimen Containers - Sterile and Non-Sterile

GMAX® Specimen Containers offer a variety of Sterile and Non-Sterile Containers to meet the requirements for facility specimen collection and transportation.

All containers offer exceptional clarity and easy to read graduations in ounces and mLs.

Pneu-Tube MAX® and Pneu-Tube® Specimen Containers

The 3oz/90mL and the 4oz/120mL Pneu-Tube MAX® and the Pneu-Tube® containers are designed to be used in pneumatic tubes and are rated at 95 kPa compliant.

Pneu-Tube MAX® Specimen Containers

- The Pneu-Tube MAX series have been approved for depressurized and severe transport environments
- The Pneu-Tube MAX containers feature audible indicators as proof of secure closure

Product #	Description	Quantity
GS303	Specimen Container, Pneu-Tube MAX®, Peel Pouch, 90mL, STERILE	100
GS304	Specimen Container, Pneu-Tube MAX®, Peel Pouch, 120mL, STERILE	100
GS313	Specimen Container, Pneu-Tube MAX®, 90mL, STERILE Inner Surface	400
GS314	Specimen Container, Pneu-Tube MAX®, 120mL, STERILE Inner Surface	300
GS323N	Specimen Container, Pneu-Tube MAX®, 90mL, Non-Sterile	400
GS324N	Specimen Container, Pneu-Tube MAX®, 120mL, Non-Sterile	300

SPECIMEN CONTAINERS

Pneu-Tube® Specimen Containers

Product #	Description	Quantity
GS354	Specimen Container, Pneu-Tube®, 120mL, Sterile Inner Surface	300
GS355	Specimen Container, Pneu-Tube®, 90mL, STERILE Inner Surface	400
GS353W	Specimen Container, Pneu-Tube®, Wide Mouth, 90mL, Tape Seal, STERILE Inner Surface	400
GS353WOR	Specimen Container, Pneu-Tube®, Wide Mouth, Peel Pouch, 90mL, STERILE	100

STANDARD “Cup Design” 4oz/120 mL Specimen Containers

The Standard Containers have the traditional “cup” and screw top lid leak-resistant design. The Standard Containers are available Sterile and Non-Sterile.

Product #	Description	Quantity
GS390	Specimen Container, Standard, 120mL, Peel Pouch, STERILE	100
GS394	Specimen Container w/Lid, Standard, 120mL, Tamper Evident Seal, STERILE	100
GS395N	Specimen Container w/Lid, Standard, 120mL, Non-Sterile	500
GS398	Specimen Container, Standard, 120mL, Ind. Pkg., STERILE	100

SPOUTED Collection Container

The non-sterile 8 oz Spouted Collection Containers are graduated to 6.5 oz/192 mL. The containers are molded using Clarified Polypropylene for optimal clarity and are unbreakable.

Product #	Description	Quantity
GS652	Specimen Container, Spouted, 6.5 oz/190 mL, Unbreakable, Clear	500
GS653	Specimen Container, Spouted, 6.5 oz/190 mL, Unbreakable, Clear w/Paper Lid	500
GS654	Paper Lid only, for Spouted Specimen Ctr	100

Commode Specimen Collectors

- The Commode Specimen Collectors, known as Specipans, can be used in standard toilets and commodes throughout the facility for the collection and measurement of urine and fecal samples
- Both styles of specimen collection pans are graduated in ounces and ccs in large easy to read black print
- The GS210 1000cc "slant back" style has the graduations on the sloping back platform and the graduations on the GS215 800cc Deluxe are on the back wall of the unit
- The Deluxe model has the widest rib reinforced "wings" to fit the broader bowls of today's toilets preventing filled collectors from falling into the toilet
- All Commode Specimen Collectors are LATEX and BPA Free

Product #	Description	Quantity
GS210	Specimen Pan, Slant Back, 1000 cc	100
GS212	Specimen Pan, Economy, 800 cc	100
GS215	Specimen Pan, Deluxe, 800 cc	100

24 Hour Urine Collectors and Calculi Strainer

- Used in the collection, storage and transport of specimens collected over a 24 Hour period, these containers are graduated in ccs from 100 cc to 3000cc. The special gasketed closure ensures leak resistant during handling and transport. The opaque AMBER color unit is designed to protect contents from being affected by UV
- The GL220 Calculi Strainer is made of chemical inert polypropylene with a wide non-reactive polyester fine mesh screen. The Strainer easily and securely fits into the mouths of the 24 Hr. Collection Containers
- All Urine Collectors and Strainers are LATEX and BPA Free

Product #	Description	Quantity
GS210	Specimen Pan, Slant Back, 1000 cc	100
GS212	Specimen Pan, Economy, 800 cc	100
GS215	Specimen Pan, Deluxe, 800 cc	100

Ear/Ulcer Syringes

- The ear/ulcer syringes offer a gentle suction to evacuate nasal and ear passages with a soft pliable tip
- Ear/ulcer syringes can be used for wound and ulcer irrigation
- Individually peel pouch packaging guarantees sterility of contents

Product #	Description	Quantity
GP902	Ear/Ulcer Syringe, 2oz, Sterile	50
GP903	Ear/Ulcer Syringe, 3oz, Sterile	50

Drinking Cups

- Disposable plastic Drinking cups for cold beverages
- Raised ribs molded into tapered sidewall offers increased rigidity and easy to grip surface
- Rolled lip provides for comfortable drinking
- Made of highly recyclable polypropylene

Product #	Description	Quantity
GP58030	Cup, Drinking, Plastic, Clear, 3oz	2500
GP58050	Cup, Drinking, Plastic, Clear, 5oz	2500
GP5805B	Cup, Drinking, Plastic, Blue, 5oz	1000
GP58070	Cup, Drinking, Plastic, Clear, 7oz	2500
GP58090	Cup, Drinking, Plastic, Clear, 9oz	2500

Lab/Pathology Containers with Lids

- Unbreakable translucent polypropylene containers allows for ease in viewing contents
- Can be subjected to freezing temperatures without cracking
- Secure, snap-on lids provide leak-resistant seals

Product #	Description	Quantity
GL408	CONTAINER PATH/LAB W/LID 8 OZ	250
